**Subject:** Uber

As a student at the University of South Carolina I am very disappointed by the order for Uber to cease and desist. Uber provides people the opportunity to safely and conveniently get around the city. Perhaps if the city of Columbia regulated the operations of the various cab services it would not be necessary for Uber to exist but as it is currently it is necessary for Uber to exist. Never have I or anyone I know of had anything but a pleasant experience with Uber rides whereas when I am forced to take cabs I frequently feel uncomfortable and even sometimes unsafe.

Thank you for your time,  
Will Cameron

**Subject:** Uber in SC

I use Uber at least once a week, and especially for airport rides. I feel it's safe and convenient, so I am upset at the cease and desist order and don't see any reason for the service to be stopped.

**Subject:** Uber

To whom it may concern:

I recently visited Charleston and used Uber as my main means of transportation. This worked well since I stayed near the airport. A cab ride downtown was \$52 with tip. We found this outrageous, but understandable due to established fees based on mileage. The same trip on the way back was \$27 through Uber, and the car was cleaner and the driver more personable. I used Uber the rest of my trip.

Banning Uber is shortsighted and ignorant.  
Figure out how to have both taxis and Uber- the future is here.  
Stop being ignorant and figure out how to incorporate it into SC.  
You're looking pretty foolish right now.

**Subject:** A plead to keep Uber in SC

To Whom it may concern,

My wife and I travel to SC on a yearly basis. We have friends there who cannot always lend us a ride. We depend on Uber to help us with transportation while we are in Charleston and other parts of the state. We have always had a very excellent experience with Uber. We feel that Uber is safer than most cabs and it always more reliable. Without services like Uber operating in SC I don't believe we would be able to contribute to tourism as much as we are able to do now. Please consider keeping this service in your state, do not stand in the way of progress.

Thanks,
